## CLEVER COUNTER

Name: **Hugh**

**Heroic feat:** Hugh participated in the Aussie Backyard Bird Count in 2019, and will count again this year! The event is part of BirdLife Australia's National Bird Week (October 19-25). BirdLife is a conservation organisation that aims to prevent bird extinctions!

## FAST SIX WITH HUGH

**K-Z:** Hi Hugh! Why did you participate in the Aussie Backyard Bird Count last year?

**H:** It sounded fun! I could put the birds into an app, and then it helps people know how many birds there are.

**K-Z:** What did you have to do?

**H:** You sit in one place for 20 minutes and try to see and count as many birds as you can in that time. When the time ends, you can submit them all on an app. My backyard is small, so we walked down to the billabong at the bottom of our street.

**K-Z:** What was the best thing about counting for the Aussie Backyard Bird Count?

**H:** We saw lots of lorikeets, some ducks, and an ibis. My favourite was the tawny frogmouth sleeping in a tree nearby. I counted with my Dad and my sister, Elise.

**K-Z:** Where are you going to count this year?

**H:** At the billabong again! I really want to see a bird of prey this time – but they are rare where I live.

**K-Z:** Why do you think the Aussie Backyard Bird Count is important?

**H:** It helps count the birds, and then the birds that are getting rarer can be protected.

**K-Z:** Why should K-Zoners participate in the Aussie Backyard Bird Count this year?

**H:** It's fun! You can get an app, and you can have a competition with your family or friends and see who can see the most kinds of birds.

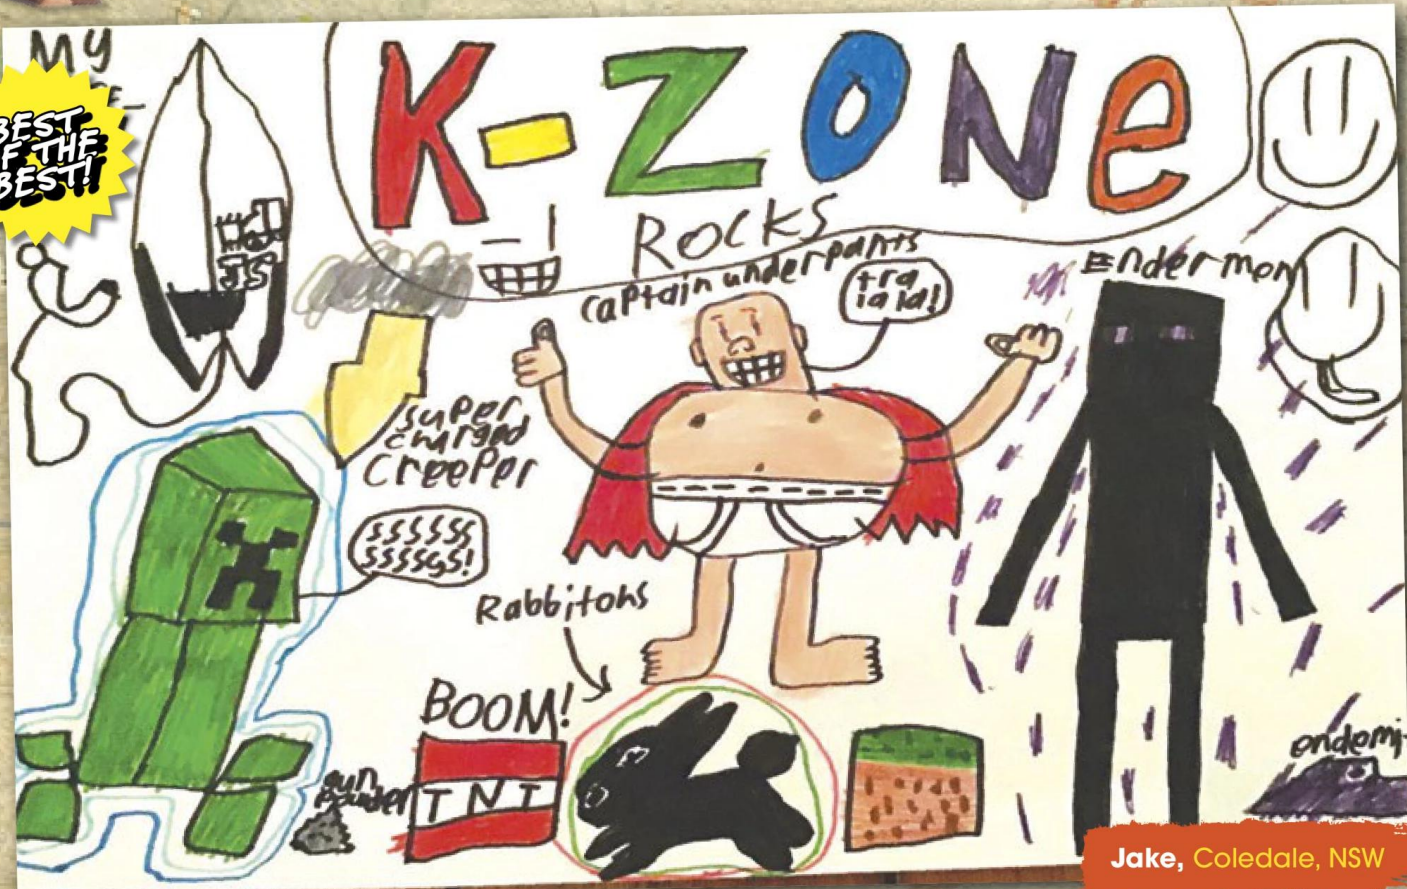

HUGH AND ELISE COUNTING BIRDS!

BITE-SIZED NEWS FOR HUNGRY MINDS!

## SPACE NEWS

NASA has found a galaxy far, far away that is shaped like a *Star Wars* TIE Fighter! Roughly five years ago, NASA's Fermi Gamma-ray Space Telescope discovered a faint gamma ray source 500 million light years away in the Cassiopeia constellation. Due to the distance, astronomers used radio waves to study the object, known as TXS 0128+554 (or TXS 0128 for short). Over time, astronomers charted the shape and noted a black hole at the centre of the active galaxy, with twin jets of energy blasting from it!

## WORLD NEWS

An extraordinary event occurred in the town of Olten, Switzerland in August – it 'snowed' chocolate! A ventilation system malfunction at the nearby Lindt and Sprüngli chocolate factory caused cocoa powder to sprinkle down on the town. The system was quickly fixed and the factory says the incred phenomenon didn't pose a health risk to the locals. Phew!

# DEADLY SCIENCE

## DEADLY AUSTRALIAN ANIMAL FACTS AND INDIGENOUS SCIENCE!

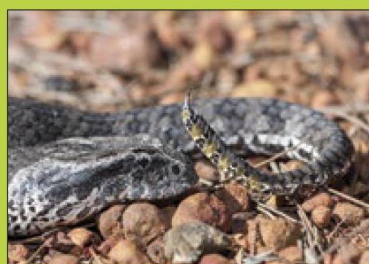

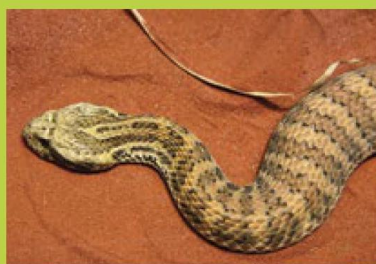

As the founder of DeadlyScience, Corey Tutt loves sharing cool science facts. He's also the 2020 NSW Young Australian of the Year. Wow! DeadlyScience provides science books and equipment to remote schools in Australia. For more information, you can visit [www.deadlyscience.icu](http://www.deadlyscience.icu)!

### THE CURIOUS SNAKE WITH A FAKE NAME

In Australia, we have brown snakes and red-bellied black snakes, but where does the death adder fit in? The name 'death adder' would strike fear into many minds, but the snake isn't actually an adder! The dangerous snake is a highly venomous species in the Elapidae family, which also includes cobras, brown snakes and tiger snakes. So, why is it called a 'death adder'? When Europeans came to Australia, the only snake they knew was the European adder, which looked slightly similar. Death adders are one of the fastest striking snakes in the world, and also can't hear – so it should really be a 'deaf' adder! The tail is a different colour to the body, and the snake will lie under leaves or sand and wiggle their tail to trick birds or lizards into thinking it's a worm!

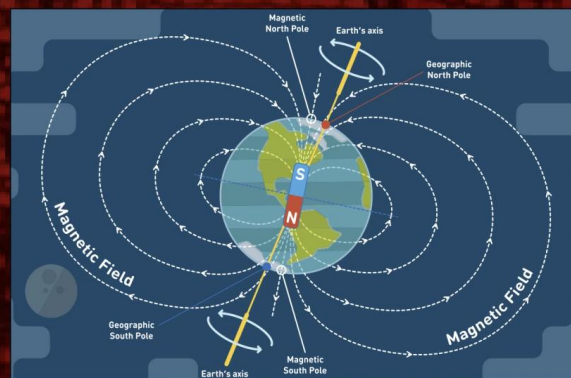

– **Corey Tutt**

### DEADLY FACTS OF THE MONTH

1. Did you know Aboriginal people on Kamilaroi country use the name 'Muntharr' for the death adder?
2. Did you know that Earth is a giant magnet? The core of our planet has a magnetic field. A compass works by detecting that field!

THE MANDALORIAN AND THE CHILD ARE BACK FOR A SECOND SEASON!

FOR OLDER  
**K-ZONERS**  
YO!

## PROTECT THE POWER

As we already know, *The Mandalorian* is set before the events of *The Force Awakens*. The first season follows a bounty hunter called Din Djarin, an orphan raised by Mandalorian warriors. Known as 'Mando', the talented tracker travelled across the galaxy to collect a young, mysterious Force-user. Eventually, he decided to protect his ward, instead of honouring the bounty hunting rules. That Force-user is The Child (or 'Baby Yoda' as he has been named by fans) and the powerful kid has led Mando on quite the adventure! The new season introduces more characters and a larger story. Previous episodes focused on Mando, but there will be new angles and new storylines for other characters now too.

## ESCAPE THE EMPIRE

There will be eight episodes in the new season, and Mando will face many challenges that might even shift his loyalty to The Child. The dangerous Moff Gideon is after the pair, and we previously learned that he has the ancient black-bladed Darksaber. The quest to find more members of The Child's species will become even more of a challenge when the enemy is wielding the Darksaber! Gideon will try to guide our armoured anti-hero towards the dark side, and manipulate the Mandalorian into fighting for him. We'll also see Gideon's skills with the ancient weapon!

# ULTIMATE FALL

K-CREW TIPS FOR LEADING A JELLY BEAN TO VICTORY IN FALL GUYS: ULTIMATE K

**PSST!**  
Fall Guys: Ultimate Knockout is an online game. You are anonymous, but remember to game safely!

Starting out? Avoid the main crowd of players where you can. Be patient and wait for obstacles to line up. Let your opponents crack the puzzle or route first, so you can select the correct option!

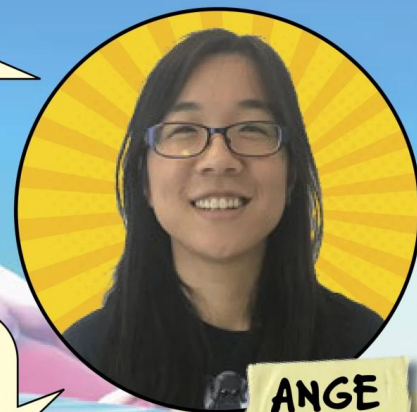

When racing in Dizzy Heights, move in the same direction as the turntables – even if it's the long way around. It will take more time to move against the direction, trust me!

Instead of avoiding sweeping beams in The Whirlygig, position yourself so the beams hit you. It's risky, but if you pull it off, the beam sends you flying ahead in the course! The same can be done with the Big Yeetus hammer that randomly pops up throughout the game!

Slime Climb is the most difficult Race event, but watch for gaps around corners as a shortcut!

In Roll Out during Survival Rounds, turn your camera sideways to see where you are on the cylinder and if you're likely to fall off when it moves! Always useful!

Confused by the two moving beams in the Jump Club Survival stage? Follow the pink beam, but keep an eye on the green beam behind you. Hop over the green bar every time it comes around!

# PROOF GUIDE

## KNOCKOUT SEASON ONE!

Tail Tag is a brutal Survival stage coz your tail can get pinched right down to the last second! Hang around players who have tails, coz they don't see you as a threat!

DAN

Pro tip for Egg Scramble in the Team rounds; fill your basket with eggs from the start. It's harder to catch up later! Defending is key too so make sure you have team members protecting the eggs. If an opponent sneaks in, grab 'em until they spill the egg!

In the Fall Ball Team event, jump into the goal with the ball to be teleported back to the centre circle. Just a sneaky shortcut to reposition yourself!

If you have Fall Mountain for your final stage, don't jump too early when you go for the crown. There's nothing more frustrating than missing it after surviving all the chaos, so take your time!

FAMILY ROAD TRIP + TECH UPRISING... WHAT COULD GO WRONG?

## MEET THE MITCHELL FAM

Katie Mitchell loves movies and is excited to fly across the country to attend film school. Her outdoor-loving dad, Rick, has had enough of the entire family always being on their screens. He decides they should all head out on a big adventure, and that means everyone should go on a fun road trip to drive Katie to university. Time to fit Katie, Rick, mother Linda, little brother Aaron and the family pug, Monchi, into one car for several days!

## TECH TAKEOVER

Katie isn't happy that Rick has changed her plans at the last minute, but she's going to have bigger problems before long! Major tech company, PAL, have just created helper robots – and also promised that the bots will never, ever, turn evil. Hm. Well, of course, PAL basically jinxed it. Pretty soon, electronic devices, including the new bots, phones, tablets, and home appliances, start a chaotic uprising all around the world.

## NOT SO BAD BOTS

Yep, all the tech in the world wants to take over. Now, it's up to the Mitchell family to save humanity! Luckily, the road-tripping crew manage to meet two friendly (and malfunctional) bots that weren't affected by the uprising. Hopefully the bots can help, because this fam needs all the help they can get!

# THAT HA

On October 30, 2018, a fearless adventurer called Tom Percy paddled down the River Ouse in York, UK in a giant pumpkin boat! The 48-year-old canoer owns York Maze, which is the size of 15 football pitches and grows over a million maize plants. The York Maze holds an annual competition to find the biggest pumpkin and in 2018, Tom decided to hollow out the 619kg champion for a trip on the water. The massive pumpkin was placed in a drinking trough to test if it could float, and the top was removed with a chainsaw so several kilograms of pumpkin could be scooped out. The pumpkin boat (nicknamed the HMS York Maze) was so heavy that a crane needed to move it. A crowd gathered along the river to watch Tom row 500 metres between Ouse Bridge and Skeldergate Bridge in the HMS York Maze!

# EMOJIS

MOVE OVER HOROSCOPES, EMOJIS ARE HERE TO PREDICT THE FUTURE! WHAT DOES

## TORCHIO

A full moon brings new light to old problems. Mostly, a full moon makes seeing in the dark much easier... but so does a flashlight. You are destined to buy a flashlight at some point.

**TORCH TIP:** Batteries will not be included.

## FARTAURUS

New opportunities are on the horizon, particularly in your diet. Spring vegetables will turn the humble fart into a righteous romper.

**HEALTH TIP:** Flatulence can strain relationships, but it can also help to form newer, stronger bonds.

## LAUGHBRA

Eye-wateringly funny events are ahead for this emoji lover. It may take the form of a joke, story, or encounter.

**LOL-WORTHY TIP:** A certain kids magazine will find its way into your hands. It could be staring at you right now!

## PUPISCES

Canine companions are your favourite members of the animal kingdom. The stars will align later this month, allowing you to pet not one, but three different doggos from your local area.

**PET TIP:** Be wary of stinky surprises left on footpaths.

# SCOOPES

YOUR FAVE EMOJI SAY ABOUT YOU?

## AYEFRIES

Despite a tough few months, things are looking up. An unexpected gift will arrive in the form of deep-fried potato. You may need to take matters into your own hands and badger your parents or guardians for some. Stat!

**POTATO TIP:** Don't be salty if the answer is no.

## SCORPOO

Most people say that your style of humour is lowbrow but really, it's lowbrow-n. You will soon make a new friend that also shares your fascination for toilet humour.

**GROSS TIP:** Fake poo is the ultimate prank tool.

## SPOOKITTARIUS

The 31st day of October will have you dressing in costume, and you will come in contact with more snacks than you have seen all year. It's unclear why this will happen; we're just as confused as you are...

**SPOOKY TIP:** Beware of cavities!

## THUMBINI

You prefer actions to words. This will cause a conflict with a fellow Thumbini. One, two, three, four, you declare a thumb war!

**DIGIT TIP:** Thumbs up, and never down. Just chuck on a big smile and forget that frown!

# IDEAS LAB

$$E=mc^2$$

SCIENCE, TECHNOLOGY, ENGINEERING, ART AND MATHS!

Meet Dr Karen Sommerville, a horticultural scientist at the Australian PlantBank and the Scientific Officer in charge of the Rainforest Seed Conservation Project!

**K-Z: Hi Karen! What does a horticultural scientist typically do?**

**K:** Horticultural scientists know about plants and how to grow them. Most often work with fruit crops, but I work with Australian native plants.

**K-Z: What responsibilities do you have as the Scientific Officer in charge of the Rainforest Seed Conservation Project?**

**K:** At the Australian PlantBank, we are trying to store seeds from as many native plants as we can. The seeds are collected from wild plants, dried and stored in a freezer (a 'seed bank'). If a plant disappears from the wild, we can thaw the seeds, grow the plant and put it back in its natural habitat. Rainforest seeds are harder to store than seeds from other native plants, so I collect seeds from different rainforest plants and test if they can survive drying and freezing. If they can't, we grow the plants in 'tissue culture'. This is a special way of growing plants in small glass jars; instead of soil, the plants are grown in a jelly that contains nutrients. Once the plants are in tissue culture, we take tiny shoot tips and treat those with chemicals that stop ice crystals forming inside the cells. We store those shoot tips at  $-192^{\circ}\text{C}$ , which is 'cryopreservation'!

**K-Z: Why is the Project important?**

**K:** Rainforests provide a home for over half the world's plant and animal species. Rainforests are also the source of some of our favourite foods (like bananas, avocados and macadamias) and some of the most important staple crops in the world. They produce a large proportion of the oxygen we breathe, absorb the carbon dioxide we produce, and hold 20% of the fresh water that we depend on. Rainforests are vital to our survival, but are threatened by logging, mining and clearing for agriculture. The Rainforest Seed Conservation Project is making sure that plants found in rainforests don't disappear.

**K-Z: Any advice for K-Zoners who want to be a horticultural scientist?**

**K:** The best place to start would be your own garden. Look at plants and learn their names, then see what makes each plant different. You can look at the way the plant grows, the shape of the leaves, and the colour, shape and smell of the flowers. If you don't have a garden, look at neighbourhood gardens, or ask to visit a Botanic Garden. Look at fruits and vegetables and see if you can find information about how they grow and the country they came from.

### DID YOU KNOW?

There was a massive 22 year gap between the sixth Wonder Boy game, *Monster World IV*, and the recent *Wonder Boy Returns*! That recent game was a remake of the orig *Wonder Boy*. *Wonder Boy: The Dragon's Trap* was a remake of *Wonder Boy III*. *Wonder Boy: Asha in Monster World* is a remake of *Monster World IV*.

## WONDER BOY: ASHA IN MONSTER WORLD

It's no wonder there's plenty of wonder to be found in *Wonder Boy: Asha in Monster World* when you're exploring a place called 'Monster World'!

Here's how to turn old-school games into new gems. Take a cool classic, and level up the 2D platforming into a 2.5D adventure. Ditch the pixels and then upgrade with a sweet new look. That's the secret recipe for *Wonder Boy: Asha in Monster World*. Except, it's totes less about *Wonder Boy* and more about the wondrous Asha. This green-haired gal is seriously set to seek out sweet secrets with a sword and shield. She's heading to *Monster World*. She won't find Sulley and Mike, but what she will find is... scary and yikes. Good thing Asha ain't alone. Her pretty-much-a-Pokémon pal Pepelogoo is ready to lend her a wing. The perf pet helps Asha ride and glide to faraway places, jump even higher and huffs-and-puffs to stop dangerous fires. We're not done! Pepelogoo turns into a pet platform to stop Asha from taking a lava dip, and saves her from raining rocks. Speaking of saving; this dynamic duo is in charge of charging in and saving the world. No pressure!

**PRO TIP!**

Definitely start *Windbound* on Storyteller difficulty. There's a rad mystery to unravel, and an ocean full of adventure. Jumping up to Survivalist difficulty resets you to the start if you go down! Storyteller lets you learn the ropes. Save Survivalist for a second play-through once you've mastered the mechanics.

## WINDBOUND

*Windbound* is an indie game that's bound to make you wish for windy weather and dread waving goodbye to an epic adventure!

Ahoy there! What's that on the horizon? An Aussie-made seafaring adventure, and it's kinda like *The Legend of Zelda: Breath of the Wild* meets *Moana*. OK, so it doesn't actually have songs, but it does have an incredible soundtrack. *Windbound*'s hero Kara is left scratching her head on the Forbidden Islands after some wild weather crashes and bashes her boat. Kara starts the game with barely more than pockets full of sand. Head inland on these islands and you will find that the locations are stuffed with hidden (and not-so-hidden) swag. You can grab crafting items, meet crafty animals for hunting, and spot treasures. These beautiful islands have everything you need to survive, thrive, and drive farther into deep-water discoveries. In order to do that, you will need a boat. Craft an anchor so it doesn't float away, slap on a sail for speedier speeds and then whack on a swag bag and stuff it with all the stuff you manage to snag. Water you waiting for?

## MARVEL'S AVENGERS

Marvel at the might of Earth's mightiest heroes, who might just be assembling for the latest great superheroic adventure in *Marvel's Avengers*!

Playing *Marvel's Avengers* is kind of like building an epic LEGO set. At first, the Avengers are in separate pieces. When you bring them all together, it makes for a mighty display. The team will need all the best parts in order to take aim at the big head of villainous A.I.M. Seriously, the big bad has a big (superpowered) bonce. For the good side, Kamala Khan starts this rad tale. She has all of the key superheroic ABCs covered. 'A' is for assembling an ace Avengers team. 'B' is for bringing in Bruce 'The Hulk' Banner and Black Widow. 'C' is for Captain America and DLC dude Cliff 'Hawkeye' Barton. To help test their mighty mash-up mettle, you've got mechanical maestro Iron Man and lightning fast warrior Thor. We love that these powerful players are only the beginning of the game's epic line up. There are many more mighty contenders and marvellous mission mix-ups coming as free-LC!

**PRO TIP!**

Crash Bandicoot 4 is a totes tricky platformer. Expect to wipe out a lot early on! To avoid this, mastering the power of jump is important for this mighty marsupial. Stacks of shorter-distance gaps can be cleared with a single jump. Save the double jump for stuffed-up leaps or higher jumps.

## CRASH BANDICOOT 4: IT'S ABOUT TIME

For sure, you're gonna adore crashing into *Crash Bandicoot 4: It's About Time*, with wild adventures from frosty foreshores to prehistoric tours!

*Crash Bandicoot 4: It's About Time* is the fastest platformer in the series yet. Wump and jump your way through a tall (and long) tale as goodies and baddies. Natch, Crash is back and more nimble than ever. Solve tricky challenges by jumping on floating icebergs, sliding between splashing lava platforms and sprinting away from dangerous dinosaurs! Pop on the Kupuna-Wa mask to slow time. The mask makes platforming easier by turning tumbling objects into safe hop havens. It's also super handy for dodging enemies. Put on Lani-Loli for more than just the LOLs. This magical mask lets Crash phase objects in and out of the level. You'll need speedy skills to remove obstacles. Phase-in more Wumpa Fruit for Crash to nom. We love the gameplay mix-up when you play as Neo Cortex. Cortex is a dasher, not a jumper. It helps that his blaster can switch his foes into solid shapes or mini trampolines.

## MARIO KART 8 DELUXE

### ► SNATCHING ITEMS

You can pinch certain items from other racers. If you spot a karter with mushrooms or the Crazy 8 spinning around their kart, make a beeline for them. By ramming into the spinning items, you'll activate the effects for you. Just don't do it to bombs or bananas!

### ► CROSSING SEASONS

Switch seasons for the *Animal Crossing* track in offline modes, except for Time Trials. Before you tap 'A' to select it, hold 'L' to make it spring, hold 'R' for summer, hold 'ZL' before pressing 'A' for autumn, and hold 'ZR' instead to make the track a whole lot cooler with a winter setting!

### ► GOLDEN GIFTS

If you want to replace Metal Mario with Gold Mario, come first in all 12 of the 200cc cups. No pressure! Collect 10,000 coins to unlock the Gold Glider. To get the Gold Standard Kart, win every 150cc and Mirror Mode Cup in Grand Prix mode. Best all Staff Ghosts on 150cc in Time Trial mode to score Gold Tyres.

These tricks also work on the Wii U's Mario Kart 8!

### ► BIGGER BOOSTS

Not in the lead? No worries! Line up your kart with the racer in front of you to score a slipstreaming boost. In the anti-gravity parts of the racetracks, ram into other karts to get a boost! You can use a few environmental hazards, like shockwaves or upswells, for a big boost. Just make sure you jump as they bump you for the boost.

# SHEETS

## CRASH BANDICOOT N.SANE TRILOGY

### ► BOSS ENDINGS

Do you want to know what happened to all the bosses you beat in the first game in the *Crash Bandicoot N. Sane Trilogy*? Well, you can smash every box in every mission. Smash all the bosses (obvs). Head back to the Great Hall stage. Hop onto the floating gemstone, and then follow it all the way to the end to read about the post-defeat fates of each and every boss!

### ► RELIC REWARDS

For record times in the Time Trials of *Crash Bandicoot 3: Warped*, nab the 30 Sapphire Relics (the EZ ones) and you'll unlock the true alternate ending. For speedsters who nab 30 tricky Gold Relics, your reward is fireworks. Speak to Coco in the Warp Room!

### ► BEAR IT

Want to snag extra lives in *Crash Bandicoot 2: Cortex Strikes Back*? Head to the Warp Room. See the small polar bear? Jump on its head and bounce. You'll snag up to 10 extra lives for bouncing on its noggin. Plus, you'll also net a rad trophy.

## ANIMAL CROSSING: NEW HORIZONS

► **GOLDEN GEAR**

There are six bits of golden gear in *Animal Crossing: New Horizons*. Break 100 axes for Golden Axe. Donate all the bugs and fish to the museum to get the Golden Net and Golden Rod. Save the washed-up Gulliver 30 times to nab the Golden Shovel. Score a five-star Island Evaluation for a Golden Watering Can. Pop 300 balloons, then a golden one for the Golden Slingshot.

► **SCRUFFY DO**

Don't play *Animal Crossing: New Horizons* for 30 days to score a new hairdo. After this time away from the game, your character will wake up with a serious case of bed hair. Bonus: this bad-hair day is now a selectable hairstyle in the mirror!

► **FALLING FURNITURE**

There are stacks of ways to score new furniture. Buy it. Craft it. Shake a tree. You won't find furniture in fruit trees, but shake every other tree for possible falling gear. Two trees on your island will drop furniture every day. Plus, at least one tree on each mystery island.

► **CRAFTIER TOOLS**

While crafting, mash the 'A' button to speed up the crafting process. Have a tool that's about to go bust? Head to a work bench and customise it to reset the durability back to full. This last trick works on every tool, except for flimsy ones and axes.

## SUPER SMASH BROS. ULTIMATE

### ► IT'S-A MII

Build your very own *Super Smash Bros. Ultimate* Mii character to also unlock the Mii Brawler, Mii Gunner, and Mii Swordfighter. Otherwise, earn them. Set the red and blue torches in the World of Dark to a 4:40 clock for the Mii Brawler. Duck down to the Island area in World of Light for the Mii Gunner. After, head to the Town area for the Mii Swordfighter.

### ► DAMAGE BOOST

Match a fighter with a primary spirit from the same franchise for a 20% damage buff! Just pair the same symbols in the bottom left of your screen. This will lead to combos like Mario and Bullet Bill, Solid Snake and Otacon, Richter Belmont and Alucard, or Pikachu and Groudon.

### ► TRUE LIGHT

Did you know that there's a secret 'true' ending for World of Light? Defeat the Dark Spirits and Master Hand. Next, beat the Light Spirits and Crazy Hand too. Once both hands are free, balance beating the same amount of Dark Spirits and Light Spirits. This will keep the small bridge at the top of the stage in the centre. Follow that bridge up for the true ending.

## SPYRO REIGNITED TRILOGY

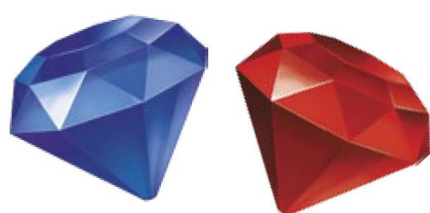

### ► BONUS STAGE

There's one more bonus level to play at the end of the first *Spyro* game. Along the way to the end, save all of Spyro's dragon pals. Nab all 12,000 gems and eggs. Done all that? Now you can enjoy the bonus stage!

### ► TINY HEAD

Psst! Here's how to shrink Spyro's head in *Spyro Reignited Trilogy*. Pause the game. On Switch, hit right four times, then 'R', 'L', left four times, then 'B'. For Xbox One, tap right four times, then 'RB', 'LB', left four times, and 'A'. On PlayStation 4, hit right four times, then 'R1', 'L1', left four times, and 'X'. Spyro's head will be as small as Sparx!

### ► WINGING IT

Now to shrink Spyro's wings! Pause the game. On Switch, tap left four times, then 'L', 'R', right three times, and 'B'. For Xbox One, hit left four times, then 'LB', 'RB', right four times, and 'A'. On PlayStation 4, tap left four times, then 'L1', 'R1', right four times, and 'X'.

### ► FLAME THROWER

Wanna unlock the Superflame power-up in *Spyro 2*? Pause. On Switch, tap left, right, left, right, left, right, then press 'R' four times, and 'Y'. For Xbox One, it's left, right, left, right, 'RB' four times, then 'X'. On PlayStation 4, use left, right, left, right, 'R1' four times, and Square. Input the code again to toggle Superflame off.

# SUPER SECRET

MEET FALY, AKA MATTEO, FROM SECRET SOCIETY OF SECOND-BORN ROYALS!

## IF I HAD MATTEO'S POWERS FOR A DAY, I WOULD...

Get rid of all the mosquitos in my room! The worst thing about having his powers would be all the bugs I'd have to deal with. I usually do everything I can to avoid them. I'm not saying I'm afraid of bugs but if I see one, I will panic.

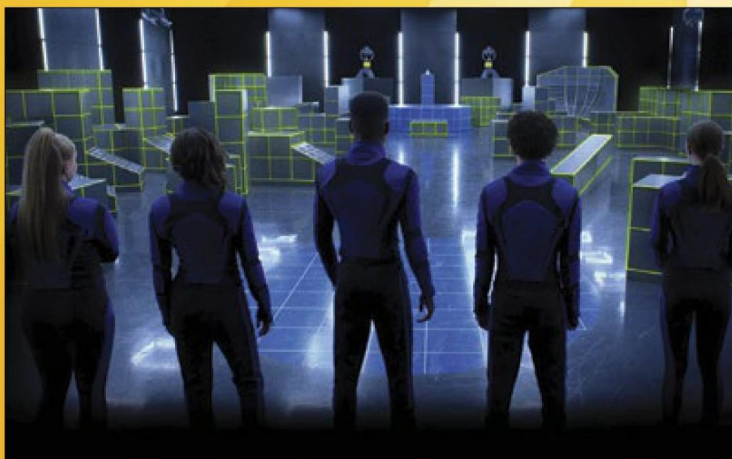

## IF I COULD HAVE ANY OF THE POWERS SHOWN BY A SECOND-BORN ROYAL, I WOULD WANT...

Queen Catherine's ability to teleport sounds so cool! Be wherever I want, with a snap of my fingers...

## A PRANK BEHIND THE SCENES WAS...

When we ended up filming at an abandoned asylum, and it was very creepy. Niles and I had a few scenes to film together in that building, so we decided to explore it. The whole time we were exploring, we would disappear and try to scare each other. It was creepy, but we got a good laugh out of it.

## MY FAVOURITE SCENE TO SHOOT WAS...

The obstacle course scene. There was so much action, and it was a fun scene to film – it was also the hardest! There was a lot of running and stunt choreography to memorise. Along with the dialogue, it got a bit difficult.

## MY ACTING TIPS FOR K-ZONERS ARE...

Be patient, flexible, and hardworking! Patience is a strong virtue to have in the entertainment industry, because everything takes time, and you have to be flexible. It rarely goes the way you expect it to. Hard work is the only way to succeed in life, no matter what your passion is.

## THE CAST MEMBER MOST LIKELY TO...

**Secretly have superpowers:** Peyton. She would be the best at hiding it.

**Secretly play an instrument:** Isabella! She loves music; it's a huge passion of hers.

**Trip on nothing:** Olivia! I can't even count how many times she fell on set.

**Win at arm wrestling:** Niles! He was always working out.

**Make everyone laugh:** Noah (who plays Mike). That guy always has jokes.

# PRANKS! PRANKS! PRANKS!

**SLICK TRICKS AND  
PRANK MAKING HITS!**

## TOWER TRIPLINE

To prove that a sibling has been in your room, build a LEGO tower. Put the tower on one side of the door. Tie one end of a piece of string to the tower, and the other end of the string to a point (like a bed leg or table) on the other side of the door. If anyone walks in, they'll hit the string and knock over the tower. Proof!

## K-ZONER PRANK

## SINKING FEELING

Pour chunky canned soup into a plugged sink and leave it there until it freaks someone out. Appear near the location, dip a finger in it and say, 'That's where my soup went!' Repeat the process in a different sink.

**Taylor, NSW**

## POOPY TRAP

Double over a piece of sticky tape so it's sticky on all sides and attach it to a length of toilet paper. Set it somewhere that gets a lot of foot traffic and stake it out, making sure to have a camera ready. You'll want photographic proof of your subject unknowingly walking around with TP stuck to their shoe. LOL!

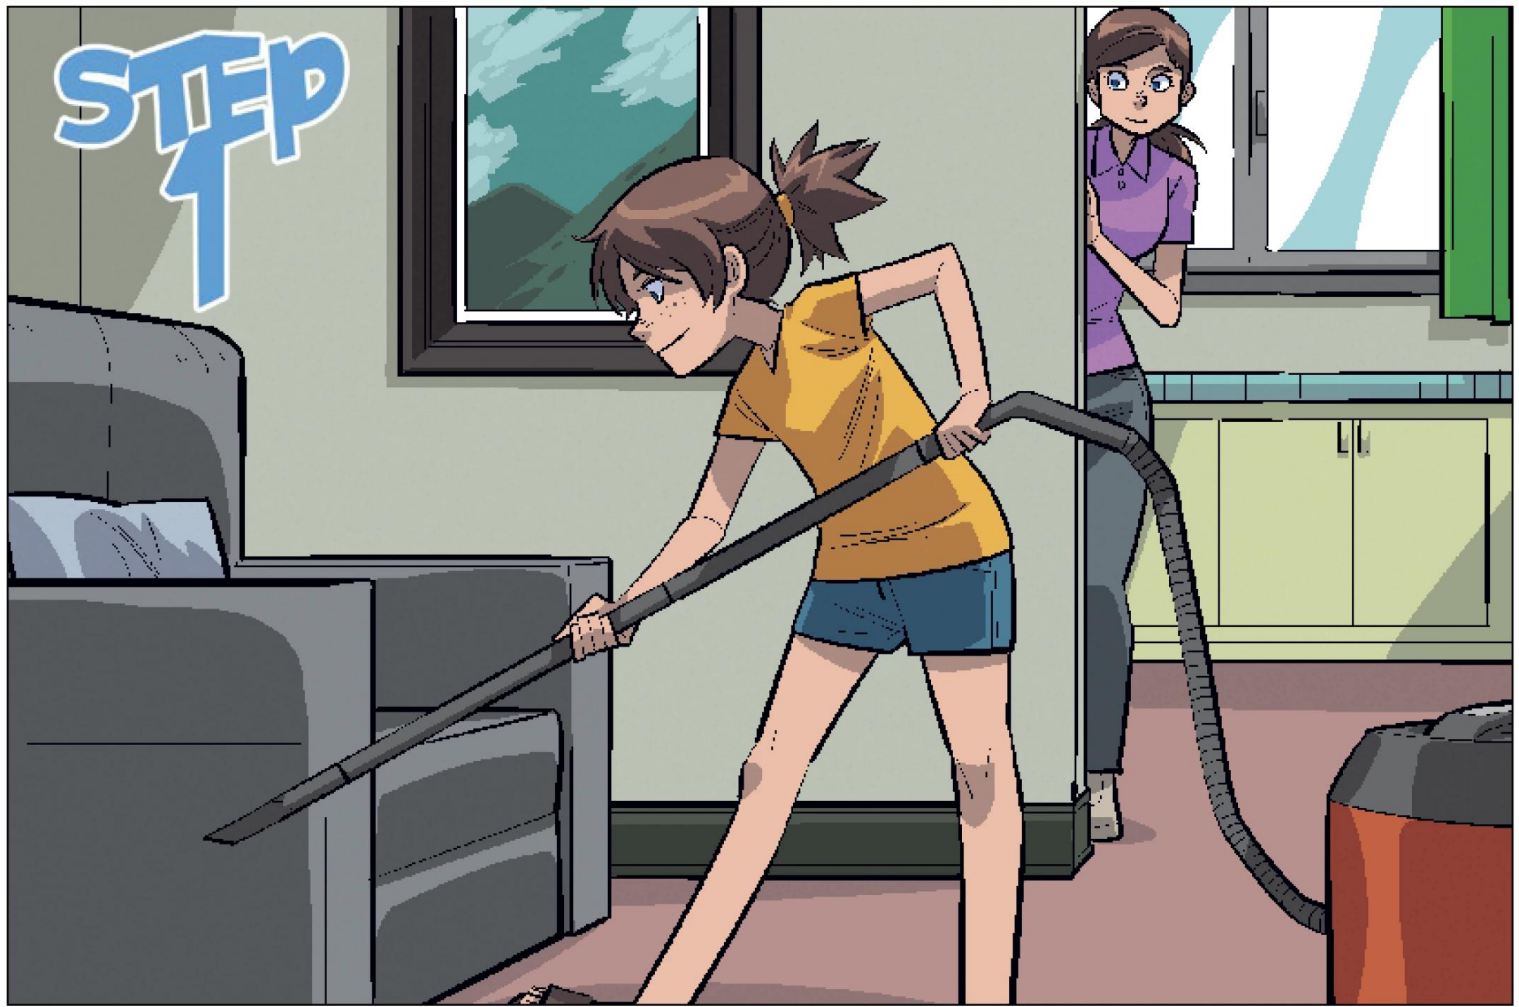

## SUCKED IN

Help out at home by vacuuming. When no one is looking, place the nozzle over a soft object that is too big to be sucked down the tube, so it sounds like it's clogged. Turn off the vacuum, stuff a fluffy toy in the tube so it looks like a rodent, and say, 'There's a problem!'

## PRANK- STAR'S PICK

# EVEN MORE

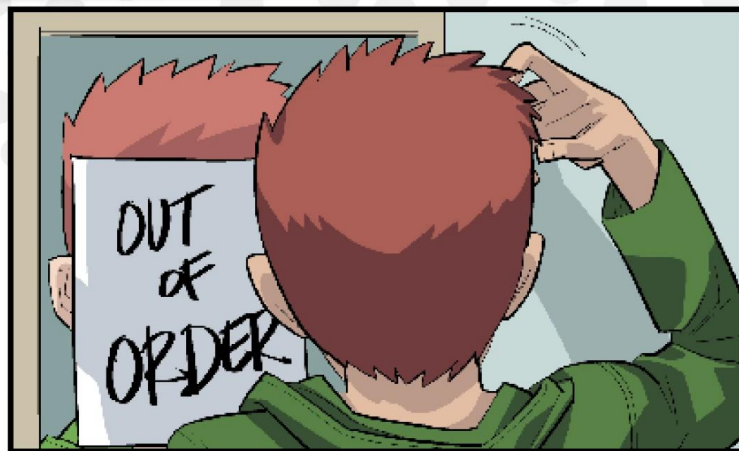

ADD TO YOUR PRANK GAME WITH THESE K-ZONER CLASSICS!

## CLOSE-IT

Tape a long piece of string onto a cardboard skeleton. Tape the other end of the string above the door in a sibling's wardrobe. Leave the door slightly open and hide. When your victim comes in and inspects the open door, they'll get a fright!

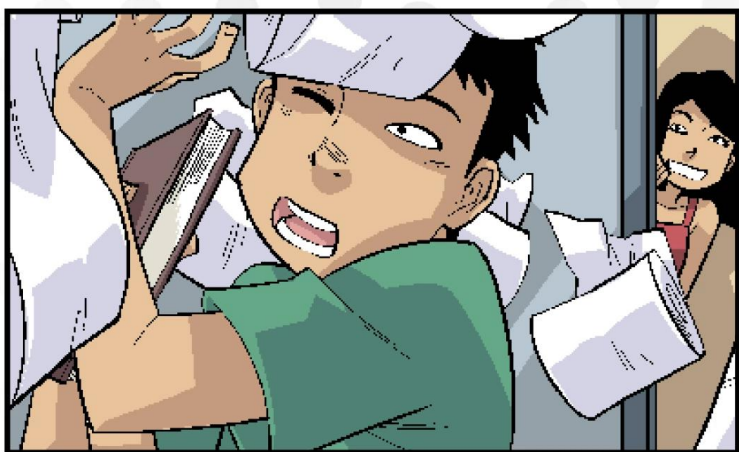

James, NSW

## MIRROR MIRROR

Print out a warning sign that says 'Out Of Order! Please do not use.' Stick it on the mirror in the bathroom. For even more LOLs, stick it on every mirror in your house. Sit back and enjoy watching your victims stare in confusion.

Colt, WA

## JENGA JOKE

Place an object that your victim uses regularly (maybe a book or videogame) somewhere just within reach, like on top of a cupboard. Stack rolls of toilet paper on top of the item, so when your victim grabs it, they'll have to knock over the tower of toilet paper too!

Cassidy, NT

## PEN PAL

If you have a school friend that is very organised, switch the cartridges in their pens, so all of their colours are mixed up. They will be very confused when they choose to write with a black pen, but the ink is red on the page!

Sebastian, NSW

# PRANKS!

**K-ZONER**  
PRANK FAVES

## TRAFFIC STOP

Draw angled stripes in red on packing tape, so it looks like hazard warning tape. Hang it across the garage door, or in front of the spot your parents park in. Make a stop sign. Wear a helmet and gloves, then refuse entry to anyone trying to use the space. Tell them roadworks are under way!

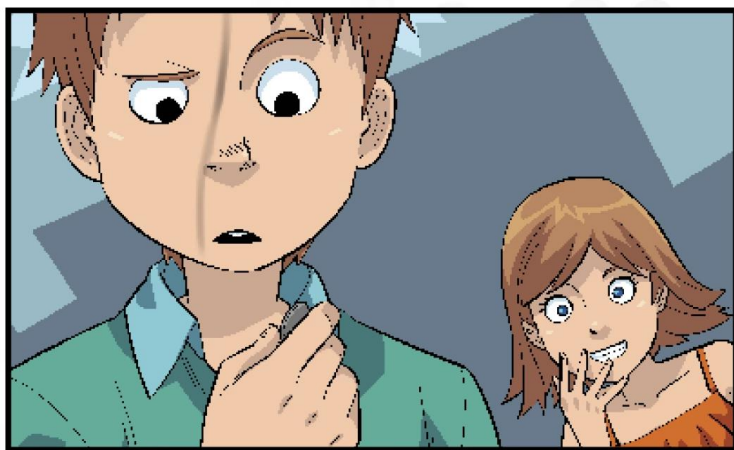

**Candice, Qld**

## CLOWNING AROUND

Put a red balloon in your sibling's bedroom every day for a week. On the final day, wear a clown mask and creep into their room while they are asleep. Make sure there's a bit of light in there already. Stand near the bed, pop the balloon and stare straight into their frightened face!

**Chester, WA**

## NON-CENTS

Get two 20 cent coins. Colour the edge of one with a pencil, and roll the other down your nose in front of a friend. Challenge 'em to roll it from their forehead to their chin. Give them the coin with the pencil marks, and watch as they draw lines on their face without realising!

**Caleb, Tas**

## RESPAWN

Lay your school uniform on the bedroom floor and flatten the clothes out, so it looks like you have disappeared. Call out to a younger sibling and hide. When they find your clothing, jump out and scare them, saying 'I respawned!'

# BAD DAY BUSTER

MAKE A FUNNY STORY USING THE WORDS PROVIDED!

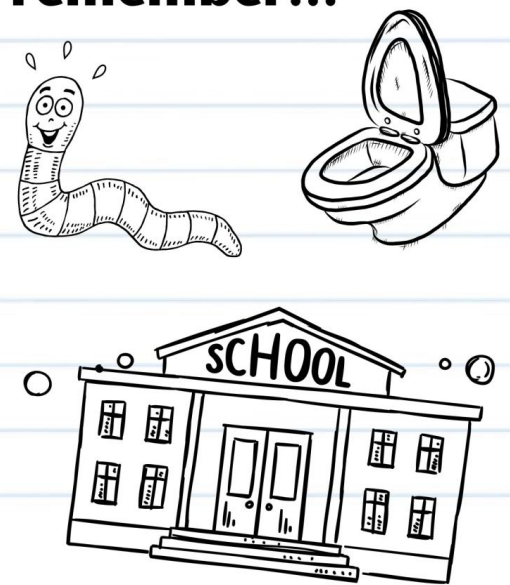

**I**t was the only day of the month that the boy known as \_\_\_\_\_ had ordered from the school canteen. He was happy, because there were plenty of \_\_\_\_\_ in stock. Reaching for the \_\_\_\_\_ that he kept in a wallet made of \_\_\_\_\_, he paid and sat on a \_\_\_\_\_ next to his best friend, whose nickname was \_\_\_\_\_.

After a few bites, something didn't seem right. His lunch tasted like \_\_\_\_\_, and that was one thing in the world that always made him \_\_\_\_\_. He barely made it to the \_\_\_\_\_ before covering everything in \_\_\_\_\_.

Though his stomach gurgled in relief, his \_\_\_\_\_ shook with terror. How would he explain this? One thing was for sure, it was a day to remember...
